Friday 17th of September Day 10	Year 11 Biology Lab work from Fieldwork day – 22 students involved. Vocational Catch up available for Hospitality, Engineering and Health and Community Service.											
NOTES:	<ul style="list-style-type: none"> Please note: The changed assessment guidelines for the new QCE changes the placement of assessment throughout the term which in turn means that an extended exam block does not work for students on varied pathways with varied course outcomes. Wednesday has been required to block into exams and on this, day Students with Traineeships and Apprenticeships have the opportunity to use non-exam days to catch up their Vocational days or to attend after completion of their exam. (Students maybe dressed for placement if they choose to do this. It is the expected uniform for their School Based Traineeship and it is not a breach of uniform policy for that activity) Mobile phones and smart watches are the responsibility of students and are to be stored in lockers. Students have an individual locker and lock to store their personal devices and due to exam integrity, no student phones will be in the exam room.
